

CNC lathe operator / vertical lathe operator (m/f/d) CNC milling machine operator (m/f/d)

Kuppler GmbH has been a competent partner in large-part machining, vertical turning, and boring mills in Mössingen-Öschingen for 50 years. As a medium-sized company with 60 employees, we deliver genuine quality work in three shifts on approximately 3,500 square meters of work space. We have accumulated a wealth of experience and can therefore handle our customers' orders to their complete satisfaction. We manufacture components according to our clients' drawings and specifications, either using materials provided by them or, if desired, including the procurement of raw materials. For mechanical engineering, plant construction, and special machine construction, we machine turned parts with diameters from 400 mm to 4,000 mm and lengths up to 2,500 mm. In addition, we can offer milling and boring work up to X 6,000 mm, Y 3,000 mm, and Z 3,000 mm, with piece weights up to 40 tons.

To strengthen our team, we are looking for a
